Proactive Health & Safety Support

There is an increasing focus on all organisations implementing management systems to ensure that health and safety risks are well managed to meet legislation, customer requirements and employee expectations.

At first sight these can appear to be a daunting, time consuming and costly requirement.

Did you know it is a legal requirement for all employers with five or more staff to have a compliant written Health and Safety Policy? Were you aware that having a Health and Safety Policy alone does not mean a business complies with the Health and Safety at Work etc. Act 1974?

Do you know what your organisation needs to do to comply with legislation?

WHAT IS CHAMBERH&S?

ChamberH&S is a comprehensive health and safety service delivered through the ChamberH&S web site and a dedicated health and safety advice line. Specifically it includes:
